§ 703.14 Permissible investments.

(a) *Variable rate investment.* A federal credit union may invest in a variable rate investment, as long as the index is tied to domestic interest rates. For purposes of this part, the U.S. dollar-denominated London Interbank Offered Rate (LIBOR) is a domestic interest rate.

A Federal credit union's aggregate amount of perpetual and nonperpetual capital, as defined in part 704 of this chapter, in one corporate credit union is limited to two percent of the federal credit union's assets measured at the time of investment or adjustment. A Federal credit union's aggregate amount of contributed capital in all corporate credit unions is limited to four percent of assets measured at the time of investment or adjustment.

- (2) Proceeds from the options are used only to fund dividends on the equity-linked share certificates;
- (3) Dividends on the share certificates are derived solely from the change in the domestic equity index over a specified period;

(4) The options' expiration dates are no later than the maturity date of the share certificate.

(5) The certificate may be redeemed prior to the maturity date only upon the member's death or termination of the corresponding option;

(6) The total costs associated with the purchase of the option is known by the Federal credit union prior to effecting the transaction;

(7) The options are purchased at the same time the certificate is issued to the member.

(8) The counterparty to the transaction is a domestic counterparty and has been approved by the Federal credit union's board of directors;

(9) The counterparty to the transaction meets the minimum credit quality standards as approved by the Federal credit union's board of directors.

(11) The aggregate amount of equity-linked member share certificates does not exceed 50 percent of the Federal credit union's net worth;

(12) The terms of the share certificate include a guarantee that there can be no loss of principal to the member regardless of changes in the value of the option unless the certificate is redeemed prior to maturity; and

(13) The Federal credit union provides its board of directors with a monthly report detailing at a minimum:

- (i) The dollar amount of outstanding equity-linked share certificates;
- (ii) Their maturities; and
- (iii) The fair value of the options as determined by an independent third party.

(h) *Mortgage note repurchase transactions.* A federal credit union may invest in securities that are offered and sold pursuant to section 4(5) of the Securities Act of 1933, 15 U.S.C. 77d(5), only as a part of an investment repurchase agreement under § 703.13(c), subject to the following conditions:
